When a snapshot goes "straight to your heart," chances are it was made on Kodak Film

SNAPSHOTS BRING REWARDS TOO PRECIOUS TO MISS—so don't let your best opportunities slip by. Millions make certain their pictures will turn out—they use only Kodak Film.

They have found "it gets the picture." After all, that's the real test of a film—all you need to know about it.

If you're using an average camera, Kodak VERICHROME Film will give you best results, day in and day out. It takes care of reasonable exposure errors. It performs brilliantly even when the weather isn't just right. You can count on Verichrome.

NEW—An Important Safety Margin: An exclusive "skiving" process provides, in all popular Kodak Film sizes, a safeguard against light leak along the edges of the film—an extra assurance of better pictures with Kodak Film.

In Canada KODAK is the registered trade mark and sole property of Canadian Kodak Co., Limited, Toronto, Ontario.

Handfuls of Canadians are employed in the Kodak factory at Toronto where Kodak Film is made. Thousands of other Canadians contribute raw and fabricated products to supply this modern plant. Your purchase of Kodak Film benefits Canada by giving employment to Canadians. And you get great pictures with this famous film—it's right for Canada because it is made in Canada.
